Historical phases of early Buddhist philosophy in India. Edward Conze splits the development of Indian Buddhist philosophy into three phases. The first phase concerns questions of the original doctrines derived from oral traditions that originated during the life of the Buddha, and are common to all later sects of Buddhism.

With this post we begin a monthly discussion of The Cosmic Doctrine by Dion Fortune, which I consider the most important work of 20th century occult philosophy. Climb in and fasten your belts; itâ€™s going to be a wild ride. As noted in earlier posts here, there are two widely available editions of The Cosmicâ€¦

Models of the Universe are described and classified into three major categories: Historic, Expanding, and Cellular. It is shown that all expanding universe models violate the cosmic edge and containment principle. The multi-millennium conflict between the two major world views --the changing dynamic universe and the unchanging stable universe-- is highlighted.
