

principles of medicinal chemistry pdf

Biography. Kathryn M. Nelson is a Research Associate at the Institute for Therapeutics Discovery and Development at the University of Minnesota (UMN) in Minneapolis, MN. She graduated from the UMN College of Pharmacy in 2013, where she received her Ph.D. in Medicinal Chemistry. Her doctoral thesis work focused on the development of novel antitubercular agents and chemical tools for biological ...

The Essential Medicinal Chemistry of Curcumin - Journal of

Green chemistry, also called sustainable chemistry, is an area of chemistry and chemical engineering focused on the designing of products and processes that minimize the use and generation of hazardous substances. Whereas environmental chemistry focuses on the effects of polluting chemicals on nature, green chemistry focuses on the environmental impact of chemistry, including technological ...

Inorganic Chemistry (ACS Publications)

Structure-based drug design attempts to use the structure of proteins as a basis for designing new ligands by applying the principles of molecular recognition. Selective high affinity binding to the target is generally desirable since it leads to more efficacious drugs with fewer side effects. Thus, one of the most important principles for designing or obtaining potential new ligands is to ...
