

psychology of religion a pdf

Strictly speaking, psychology of religion consists of the application of psychological methods and interpretive frameworks to the diverse contents of the religious traditions as well as to both religious and irreligious individuals. The extraordinary range of methods and frameworks can be helpfully summed up regarding the classic distinction between the natural-scientific and human-scientific ...

Psychology of religion - Wikipedia

The evolutionary psychology of religion is the study of religious belief using evolutionary psychology principles. It is one approach to the psychology of religion. As with all other organs and organ functions, the brain's functional structure is argued to have a genetic basis, and is therefore subject to the effects of natural selection and evolution. ...
