Policy analysis is a technique used in public administration to enable civil servants, activists, and others to examine and evaluate the available options to implement the goals of laws and elected officials. The process is also used in the administration of large organizations with complex policies. It has been defined as the process of "determining which of various policies will achieve a ...

Politics (from Greek: ἡ πολιτική, translit. Politikḗ, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...

The year 2016 marks the 10th anniversary of the Education Next poll on K-12 education policy, offering us the opportunity to take a retrospective look at public opinion on this vital topic. In 8 of the past 10 years, we have also surveyed teachers on the subject and have seen some interesting differences between the thinking of these educators and the public at large.
