An eraser, (also called a rubber outside the United States, from the material first used) is an article of stationery that is used for removing writing from paper or skin. Erasers have a rubbery consistency and come in a variety of shapes, sizes and colours. Some pencils have an eraser on one end. Less expensive erasers are made from synthetic rubber and synthetic soy-based gum, but more ...

tonal value. Lightness, which artists traditionally refer to as value or tonal value, is the light or dark of a color independent of its chromaticity (hue and chroma).. Given all the space devoted to hue in color theory, it is surprising to learn that value is the most important design element of a painting. It is hard to overstate the importance of good value structure to the impact of visual art.
